Dedication

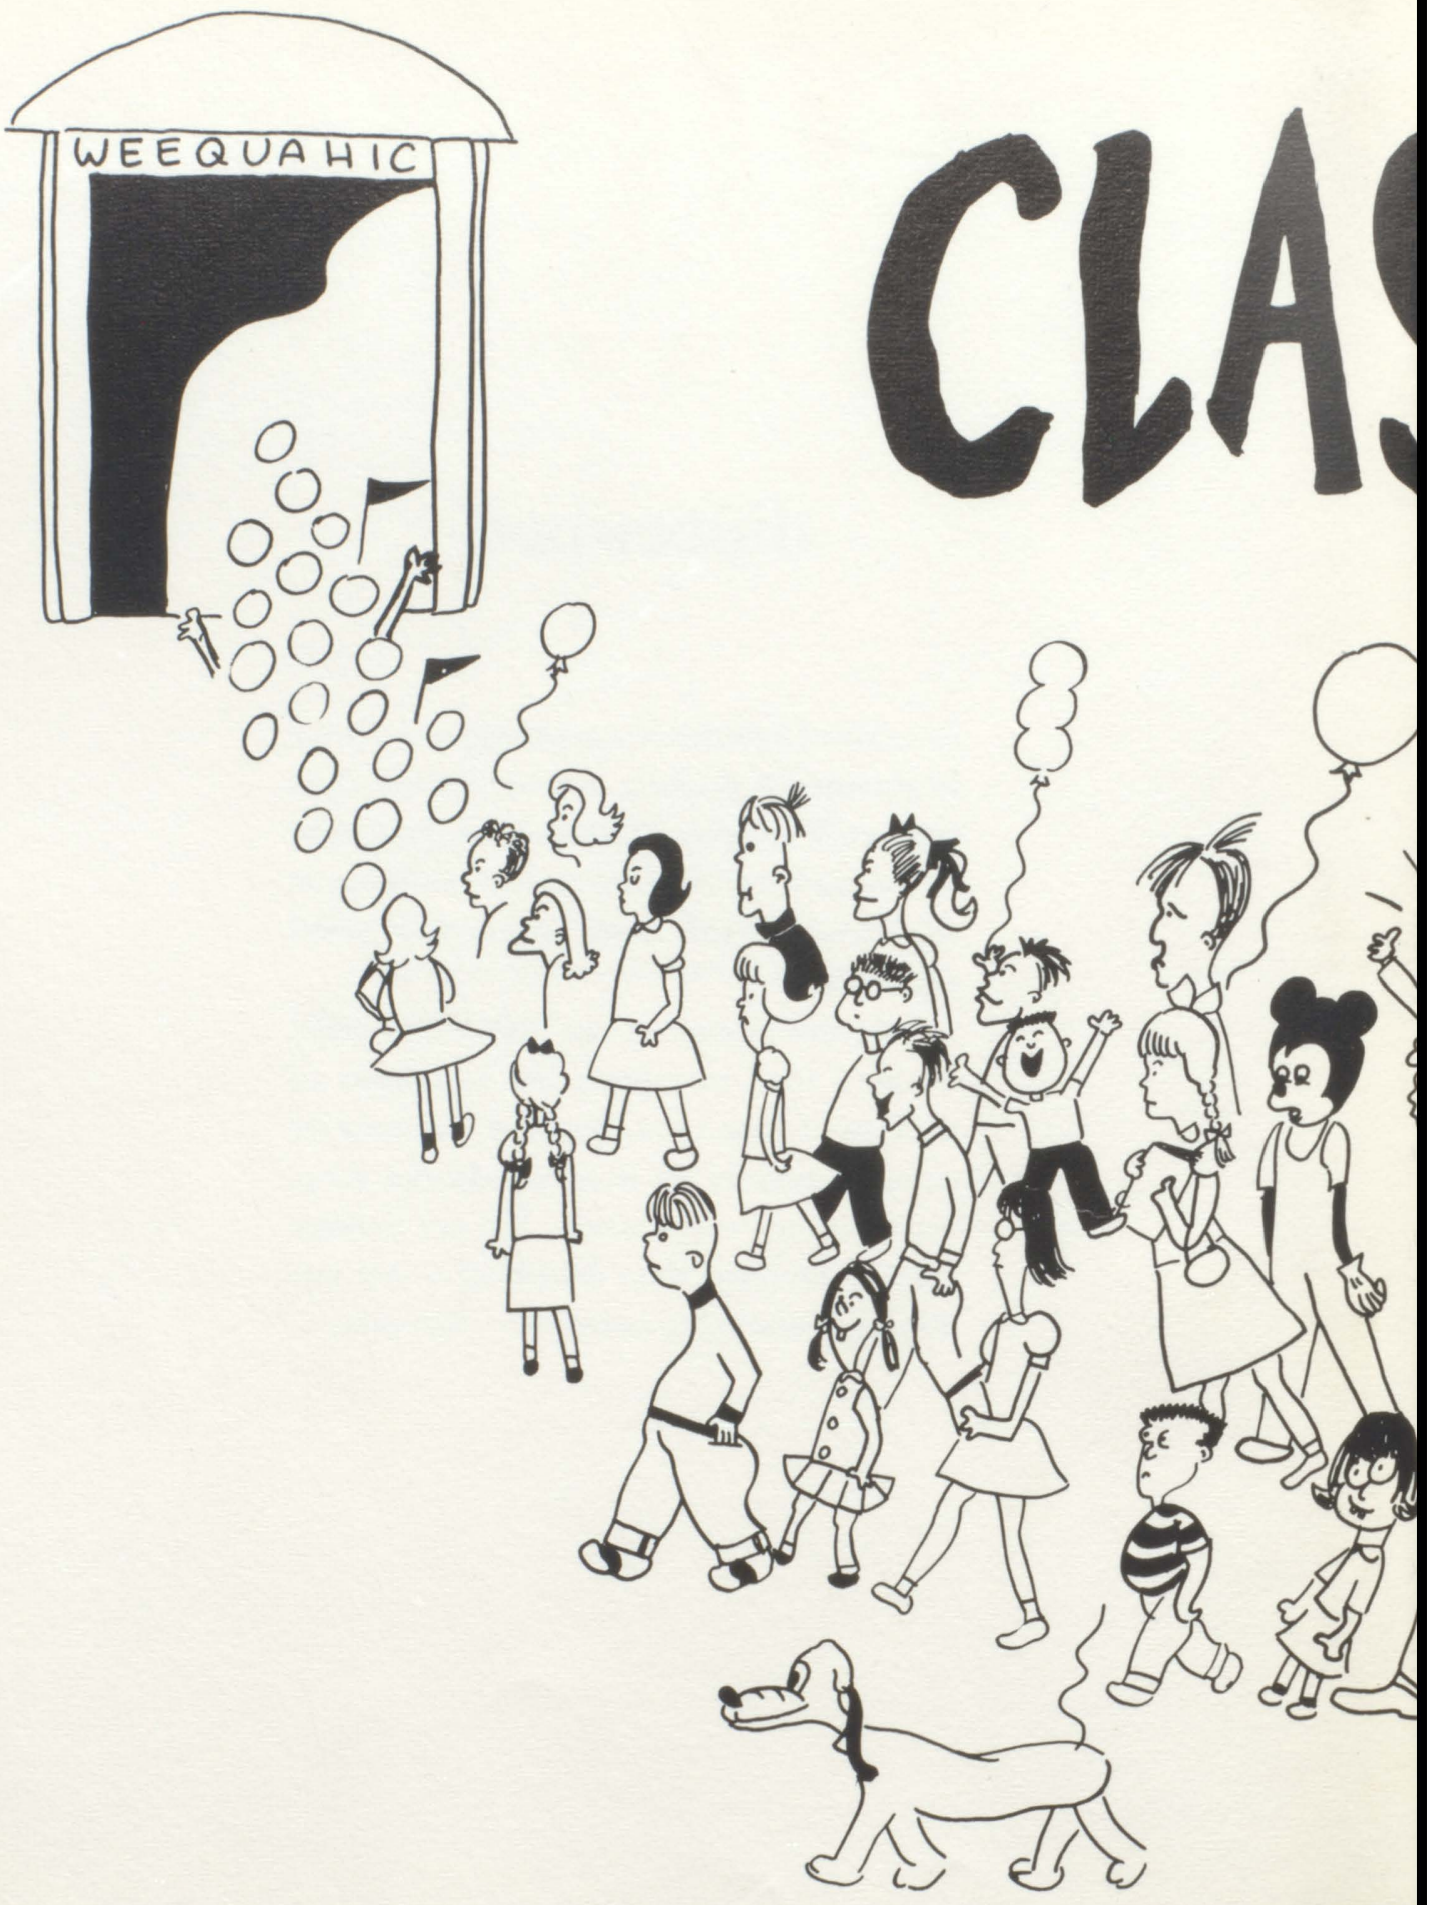

To our many teachers who have acted as instructors, friends, and advisors, we dedicate this Legend. May the torch of their constant perseverence and continued guidance light the way for future Weequahic citizens.

Special thanks to our senior advisor, Mrs. Lillian Margulies.

Foreword

This Legend is a conscientious endeavor to present an accurate account of our four years at Weequahic. There are no boundaries to confine its spirit. Our creativity illustrates the essence of this spirit in free and honest exposition.

In this memoir of our high school years, we have tried to capture the sentiments of the class of June 1963. We have presented the circumstances as we have experienced them, depicting our every mood. We are reminiscing — not predicting; describing — not modifying; correlating ourselves — not others.

The Bored of Education

This is a time to look upon our four years together as a class. The purpose of this History is to record these moments as they actually were.

Unfortunately pictures cannot illustrate the whole story of these years of our maturing. Individual memories are what really constitute a CLASS HISTORY.

WE ARE ALL STUDENTS

WIDE EYED AND EAGER

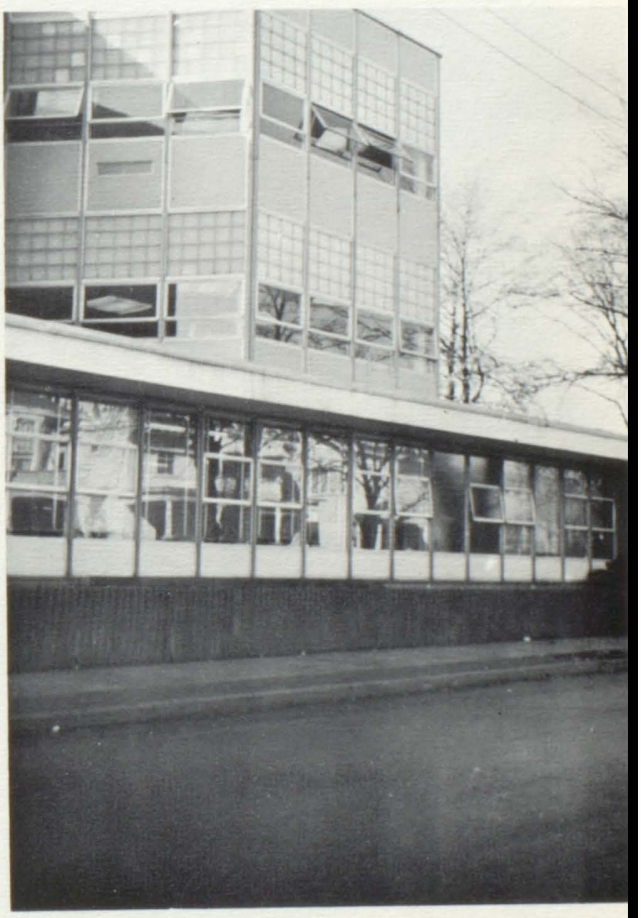

We left our childhood.

If we were lucky, and ASSEMBLY shortened the day.

We must keep **Physically Fit** with vigah!

Now, off to lab. "Do we make those rotten eggs again today, Mrs. Yellin?"

"You sure Einstein started this way?"

1

When we first arrived, we were faced with the task of copying two blackboards of the most insipid garbage —

2

Then we were confronted with endless minutes of the most paradoxical explanations of what we SHOULD NOT do —

3

Then we had to await her gracious approval on every gram of ANYTHING we did —

4

— And then she wondered why we handed our experiments in late!

WAS A MEMORABLE OCCASION

Our SENIOR SPOOK was frightening. It would have been more so if people had taken off their masks.

We can't *ALWAYS* be winners

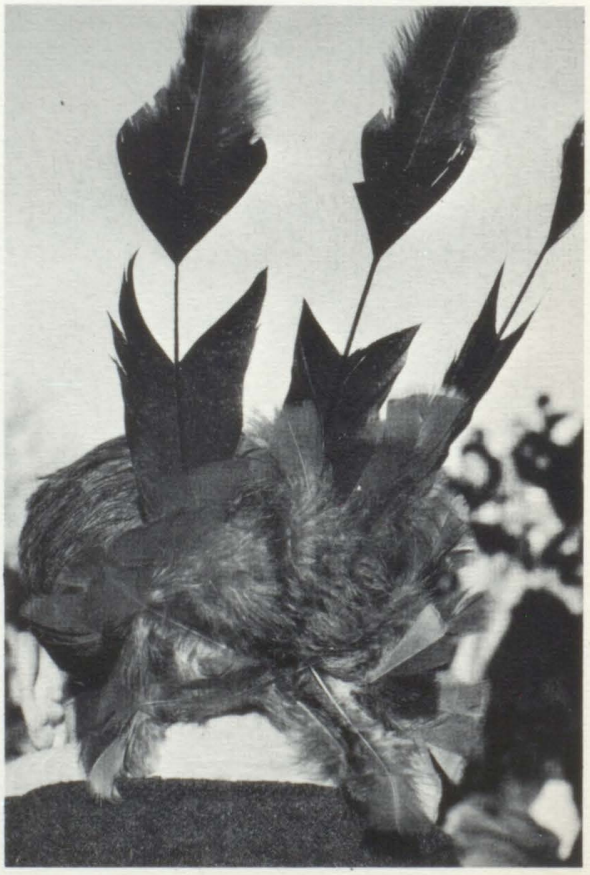

In Weequahic, we celebrated THANKSGIVING on Saturday (1962). We were rained out on Thursday. An end to a perfect season???

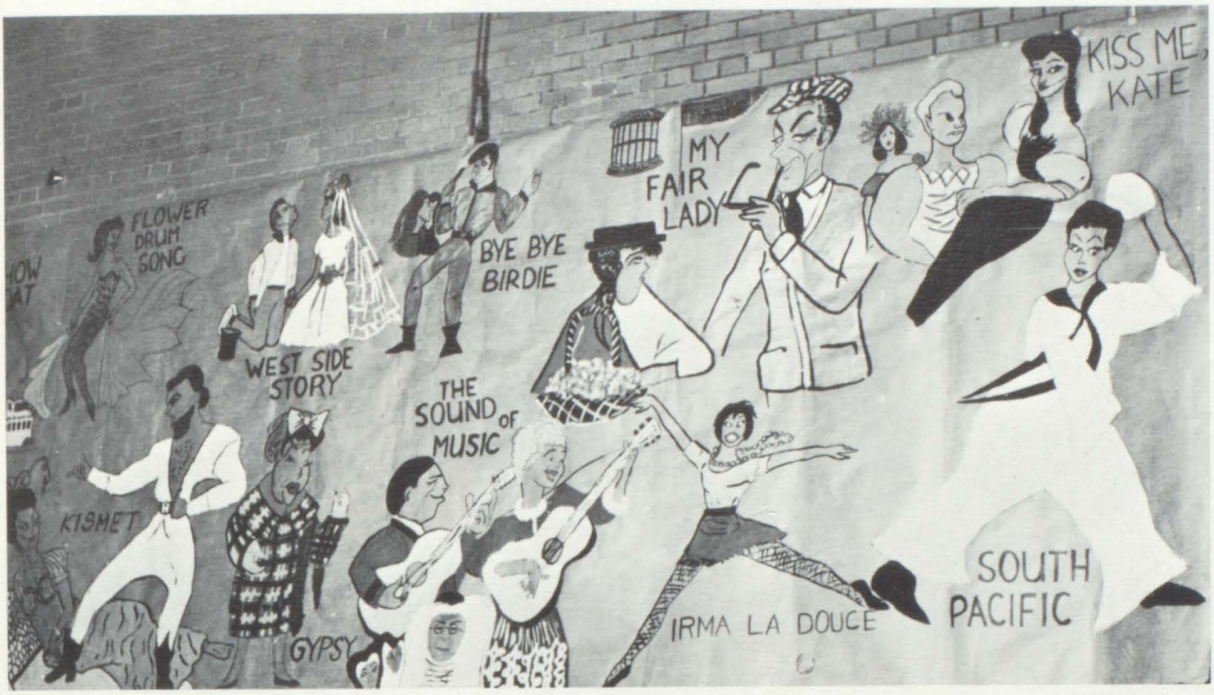

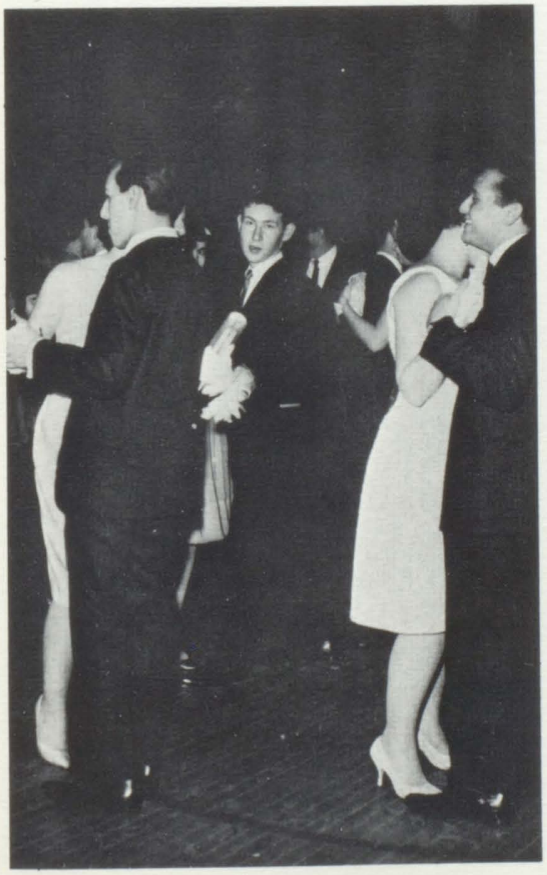

(But when we were sophomores, Hillside was defeated by guess who???)

Once upon a snowy night the 4B's had a HOP

Torch Day Exercises

JANUARY, 1963

Let the Torch Be Passed

Before the torch is passed, we pause and hail
The early founders of this living school,
The pioneers who blazed Weequahic's trail,
Who kindled flame and then supplied the fuel
Of that eternal lamp that God hath set
To burn upon this earth, and sea, and sky.
Unlike Prometheus, we hold a trust
In this gold flame; and we have held it high!

So hath it been, so shall it ever be;
One light for all that guideth every youth
In his eternal quest for light and truth.
We, sons and daughters of the living past,
And we, alone, have held this light until
At last the day has come to hand it on
To those who feel the glow and get the thrill
Of Senior Day; so let the Torch be passed!

We always were a WILD class!

1

So what if I don't get A's—. Even in this materialistic world, is this what we should work for?

2

So what if I don't get along with my teachers. We must learn to exert our individuality, shouldn't we?

3

So what if I'm not an athlete — —. I don't need false prestige!

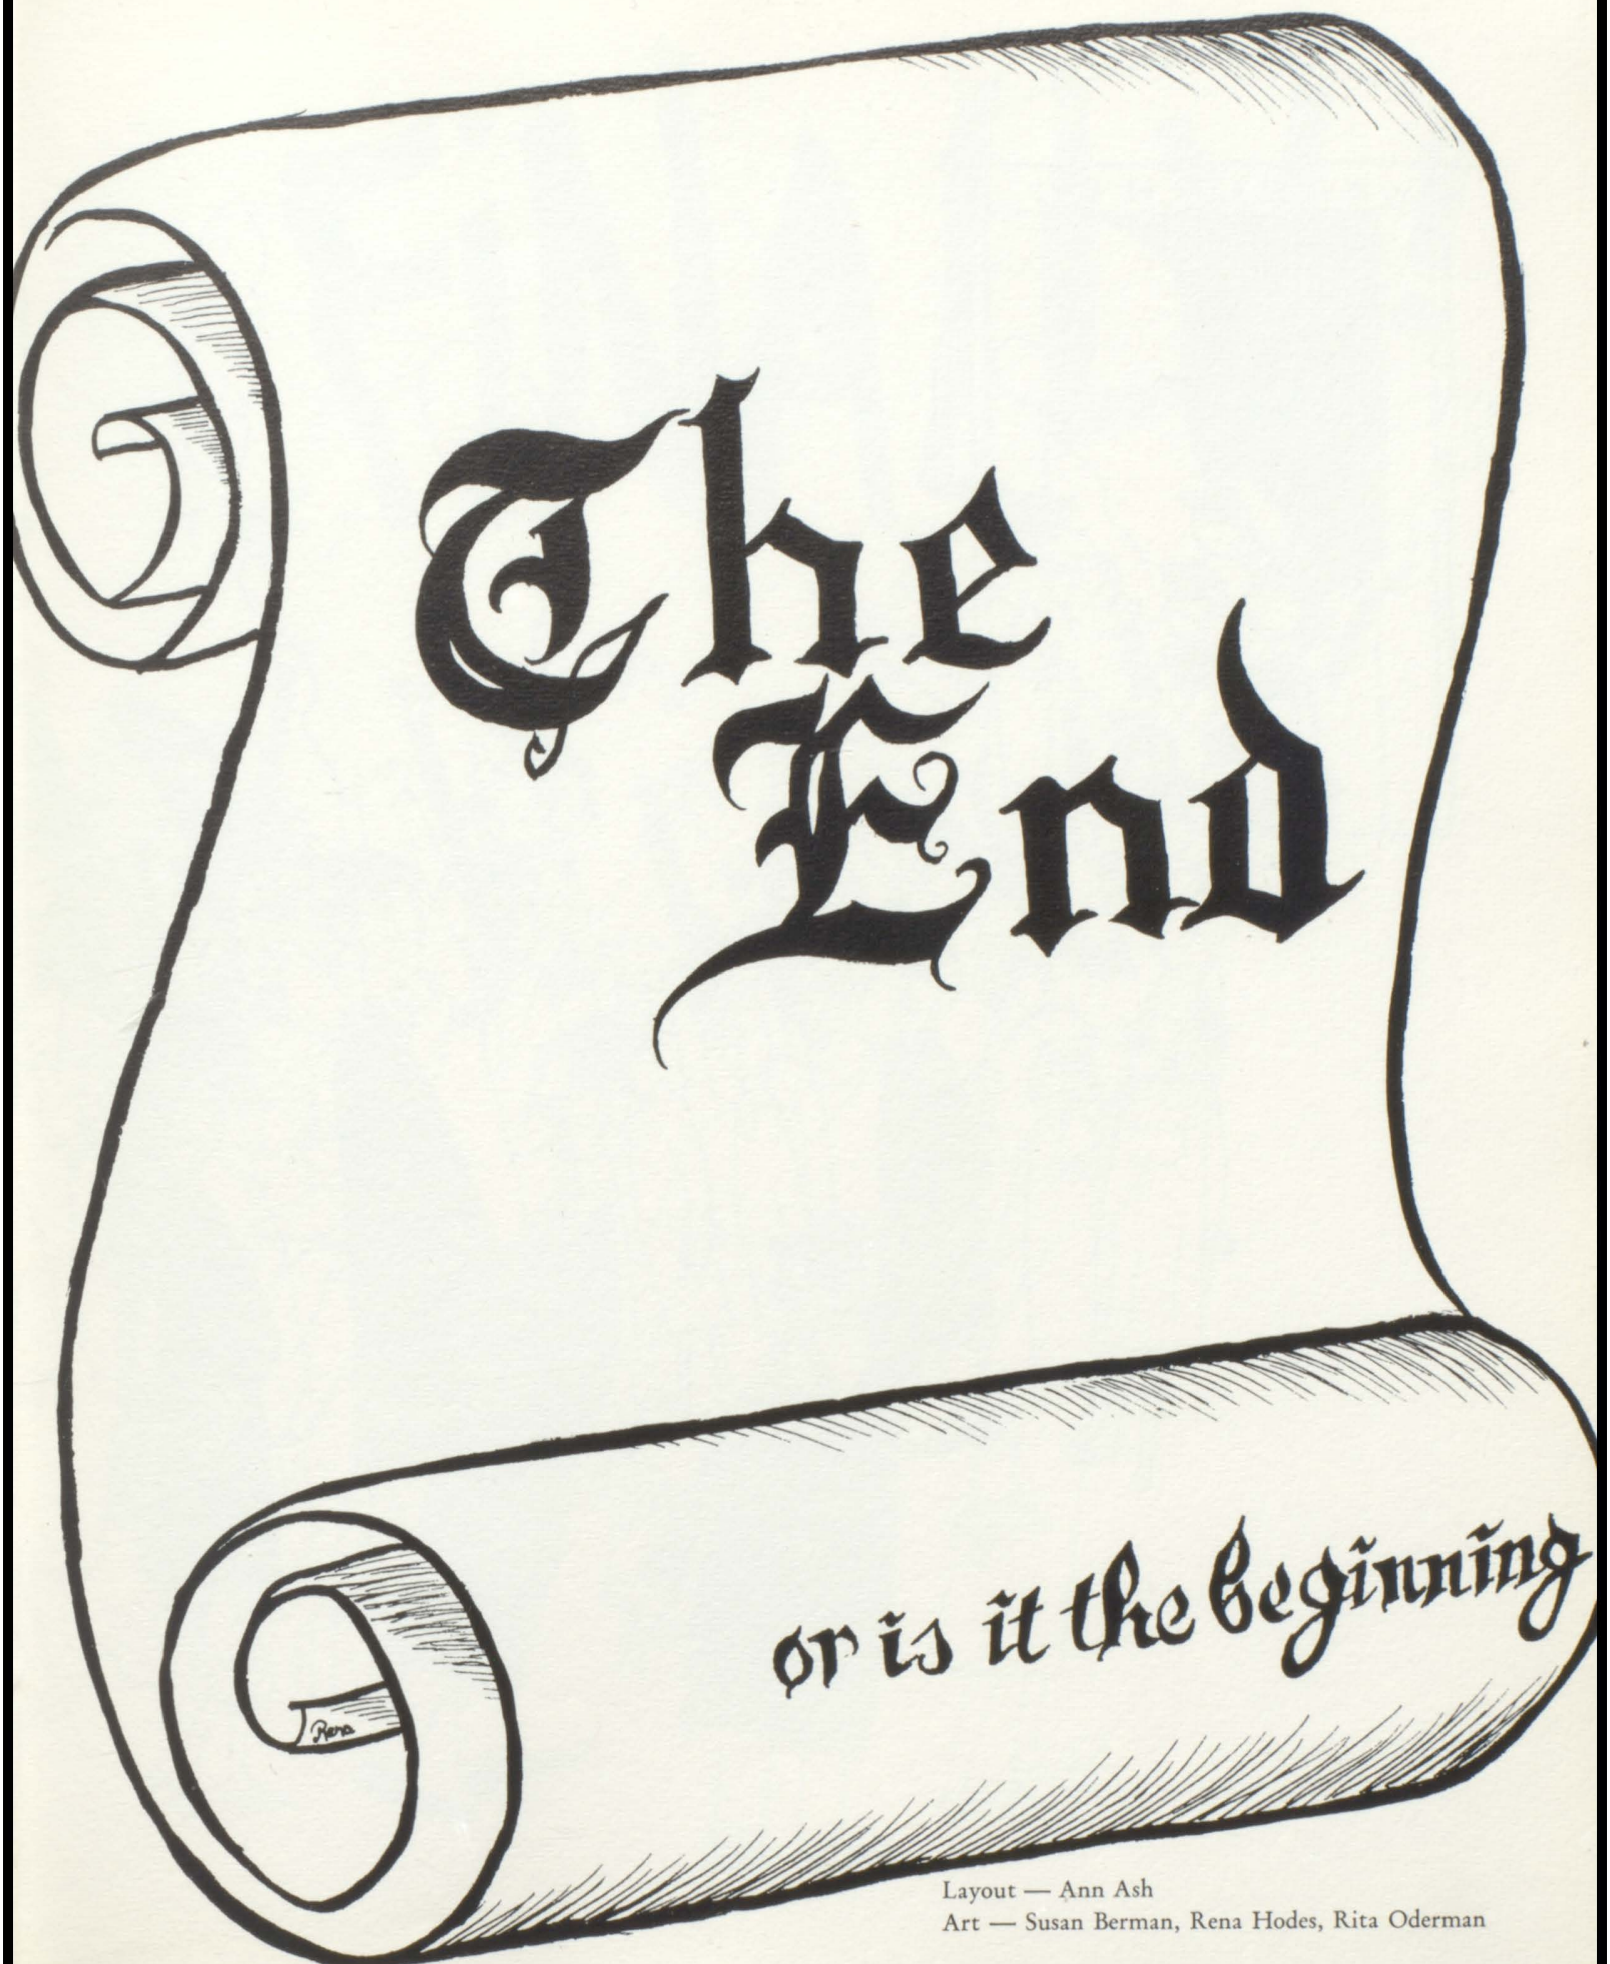

4

So I haven't any O.B.A. credits — — Everyone says they're false symbols of accomplishment — and we should not be rewarded.

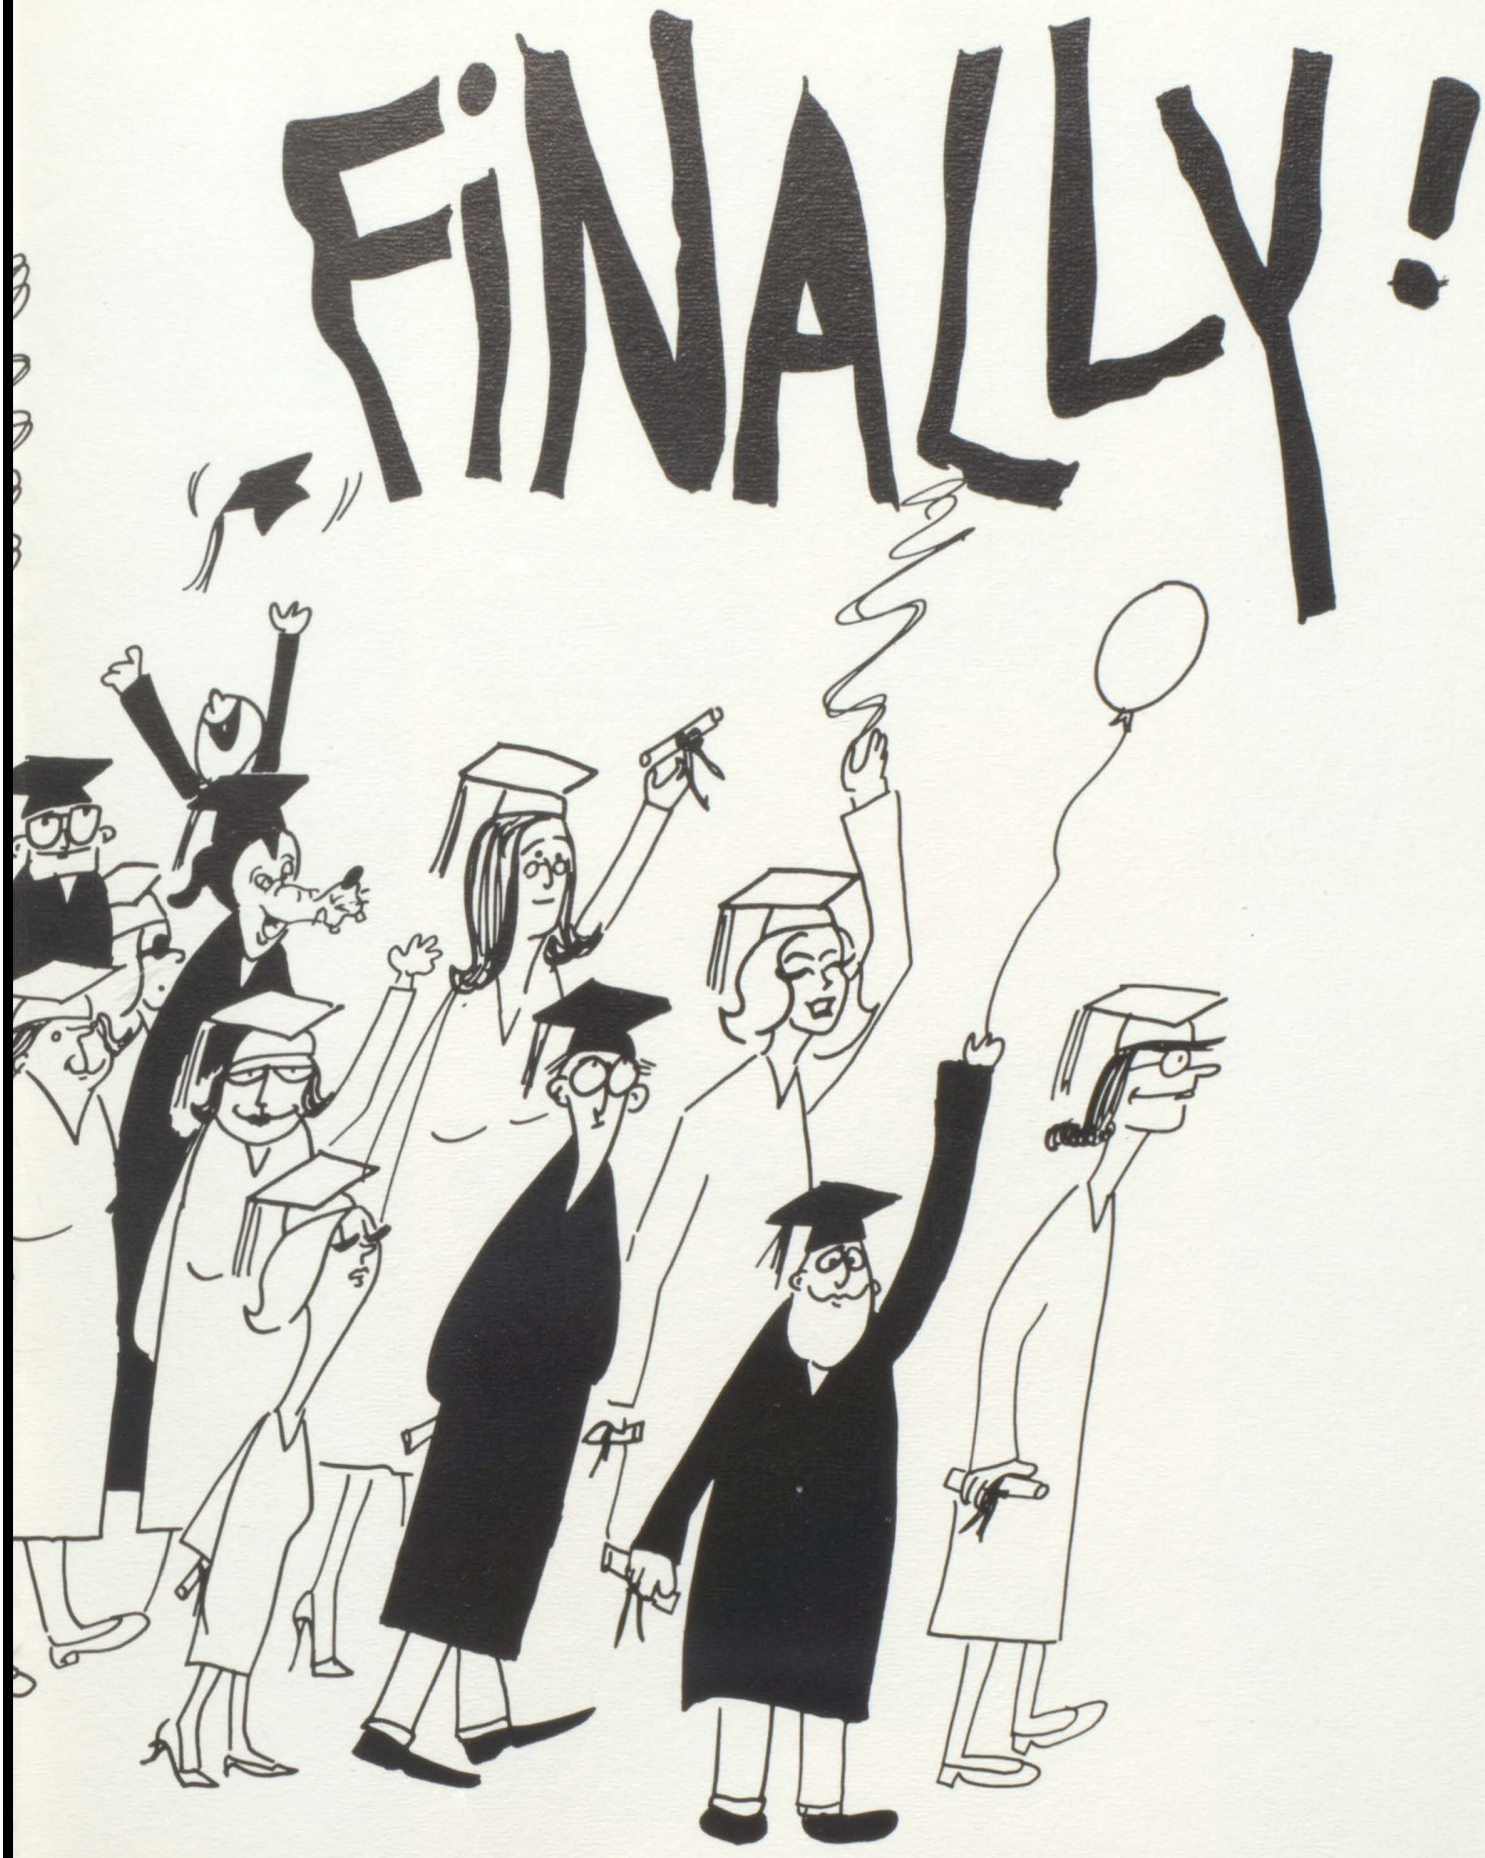

I know my own convictions — —; my only problem now is HOW DO I GET INTO COLLEGE?

Class History

The Class of January, 1964, eagerly entered Weequahic High School in February, 1960. This was a small class and the first to enter Weequahic in the new decade. This was a period of great transition because the Newark school system was changing from semi-annual to annual promotion. As it turned out, the Class of January, 1964, was to be the last class graduated in midyear. Because of this dubious distinction, many members of the Class accelerated so that they would gradduate in either June or August of 1963. By the time they reached their senior year, the Class of January, 1964, was virtually non-existent; therefore, they could not have any activities of their own. Despite this handicap, the Class, a spunky, close-knit group, kept right on going. When they graduate, they will end a tradition in Weequahic High School — that of mid-term graduation.
